

# GIST DAY OF LEARNING

NAIROBI KENYA

At The Nairobi Hospital  
Cancer Center

Saturday 20<sup>th</sup> July 2019

8:00am to 11:00am

**GIST**AWARENESS  
DAY

BROUGHT TO YOU BY

Cancer starts when cells in the body begin to grow out of control. Cells in nearly any part of the body can become cancer, and can spread to other areas of the body

Gastrointestinal stromal tumors (GISTs) start in special cells in the wall of the gastrointestinal tract, also known as the digestive tract. (in the stomach).

Come learn more about how diagnosis is done, and what treatment options are available
