## ABOUT GDOL

A GIST Day of Learning (GDOL) is a free one day event to help patients and caregivers learn more about this rare cancer, find support, and enhance their knowledge base to help them navigate their cancer journey.

The mission of the Life Raft Group is to enhance survival and quality of life for people living with GIST through patient-powered research, education and empowerment, and global advocacy efforts. The LRG vision is to champion patient-powered science and drastically increase long-term survivorship for all cancer patients.
